ASSESSMENT UPON ARRIVAL

Property Condition Notice

Cleaning times may vary based on a property's age, size, layout, and condition. Older or larger homes, as well as those with children or pets, may require extra time. We appreciate your understanding as these factors can impact the duration and outcome of the service.

We kindly ask that you take these factors into account when your property is being serviced, as they may affect the overall cleaning time and outcome.

CARPET STEAM CLEANING

(STANDARD SERVICE – NO DEEP STAIN REMOVAL)

Our standard carpet steam cleaning targets general dirt, grime, and mild stains. It does not include deep stain removal. While we use professional products, we cannot guarantee complete removal of all stains—especially old or set-in ones. An inspection is recommended for tailored advice.

DO'S AND DON'TS FOR A STRESS-FREE CLEANING EXPERIENCE

- **Lend a hand** – Tell us what you've cleaned to save time.
- **Arrange Parking** – Avoid additional charges.
- **Don't forget to prepare the space:** Before the cleaning team arrives, remove any obstacles, clutter, or personal items from the property. This enables the cleaners to work efficiently and effectively. For unfurnished leases, please ensure your home is completely empty of furniture and belongings before the cleaning service.
- **Be Onsite or Contactable** – Please either be onsite or contactable on the day of your clean.
- **Be Realistic** – Remember End of Lease cleaning is not like other cleaning. Real estate agents are extremely picky so it takes time to clean thoroughly.
- **Contact Us** – Feel free to call or email us whenever you have questions. We are here to help you.
- **Utility Access** – Please ensure electricity and water are available at the property prior to our arrival, as they are essential for completing the cleaning service.
- **Cleaning Restrictions** – If your landlord or property manager has specified any cleaning product or equipment restrictions, please inform us in advance so we can comply accordingly.
- **Lease Agreement Requirements** – Review your lease agreement for any specific cleaning requirements and share them with us beforehand to ensure full compliance.
- **Post-Clean Access** – To maintain your re-clean guarantee, do not allow anyone to enter the property after we have completed the cleaning. Only your real estate agent should conduct the final inspection.
- **Re-Clean Policy** – If a re-clean is required, please contact us directly. Do not attempt to perform any cleaning yourself, as this may void your re-clean guarantee. We will handle everything for you.

IMPORTANT SERVICE INFORMATION

- For unfurnished properties, all personal items and furniture must be completely removed prior to the commencement of cleaning. Furnished properties may incur additional charges due to the extra time and care required.
- We offer spot cleaning for light marks (typically 2–3 per wall) that can be removed safely without damaging paint. If walls or doors require more extensive attention, we recommend full wall washing to maintain a consistent finish. Where full washing is not selected, spot cleaning may be omitted to avoid visible inconsistencies.
- Our pricing is based on properties in fair, reasonable condition in line with our standard cleaning checklist. Heavily soiled areas or requests beyond the checklist may attract additional charges to uphold our quality standards.
- Please note, we operate within a 2-hour arrival window to allow for potential traffic or extended durations on prior jobs.
- Payment is required upon arrival—our team will proceed with the service once payment confirmation is received. The checklist will be followed according to the services you have selected.
